Learn to Paint stunning portraits
with expressive colors and
crazy paint application techniques.

9:00 am - 3:00 pm (includes one hour lunch)
Tuition: \$190

“**A**bsolutely no drawing experience necessary in my California Vibe Watercolor Portraiture™ workshop. I use a reference photo/hand tracing-onto-watercolor paper technique that is super simple to execute. The creativity and California Vibe fun begins during the painting process! Through my demonstrations, I'll teach and inspire you to mix expressive colors and using a big brush and fun embellishments, apply them to watercolor paper with a zestful panache! The supply list download link is listed below.

My work has appeared recently in International Artist, The Art of Watercolour, Watercolor Artist, and Plein Air magazines to name a few.” David Lobenberg
